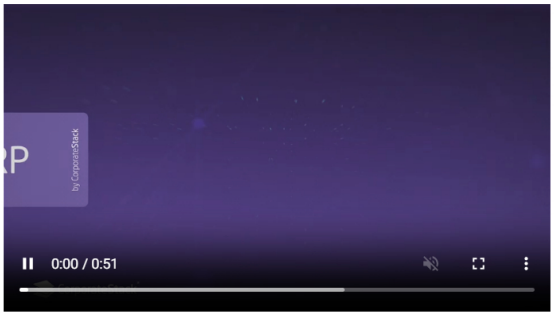
An All-In-One Solution
Advanced F

CS ERP



CS ERP Overview

ERP Solution from CS is a powerhouse of cutting-edge features. This integrated solution empowers you to seamlessly manage every aspect of your sales and procurement processes, oversee your employees, optimize asset utilization, and streamline financial operations—all within a single, cohesive platform.

CS ERP
Your Comprehensive Business Solution All in One Place.

Overview | Finance | Procurement | Inventory | HRMS | CRM | Projects | Assets

Finance Management

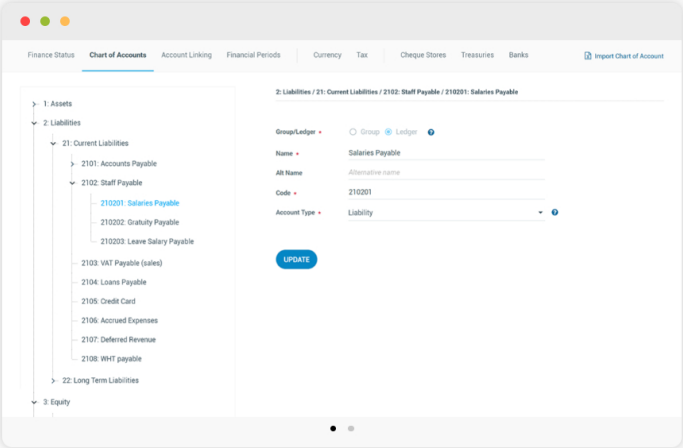
− General Ledger Management

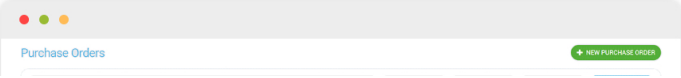
Serves as the central repository for all financial transactions within your organization. It's the beating heart of your financial reporting, accuracy, compliance, and strategic financial decision-making.

+ Accounts Payable / Receivable

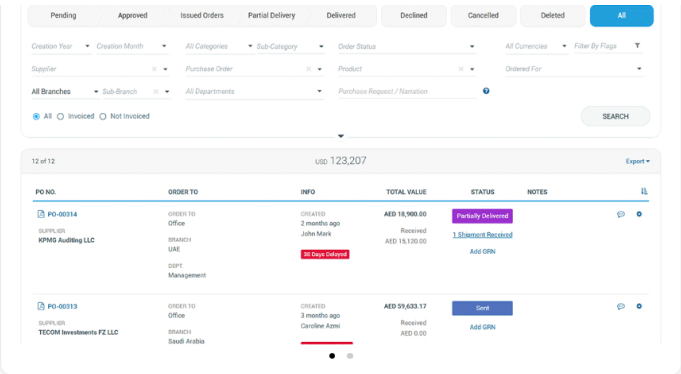
+ Cash & Bank Management

+ Reporting and Analytics





Procurement



- Request-to-order Cycle

Seamlessly managing the entire request-to-order cycle. Streamline requests, approvals, and ordering processes to enhance procurement efficiency and ensure optimal resource allocation.

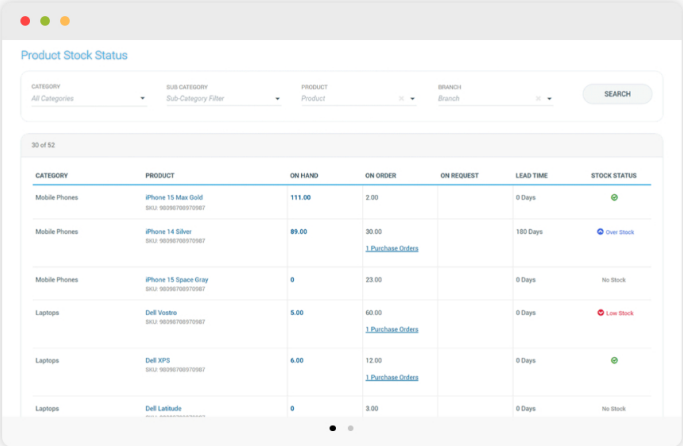
+ Catalog Management
+ Forecasting and Planning
+ Suppliers & Contracts

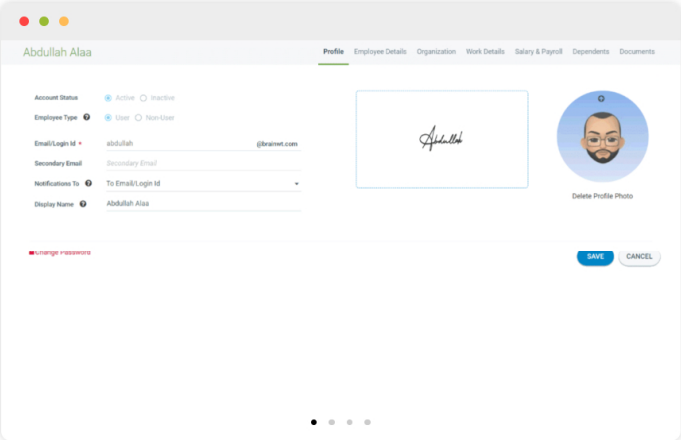
Inventory Management

- Stock Tracking and Visibility

Optimize stock levels, track movements, and ensure real-time insights for informed decision-making in your supply chain management.

+ Warehouse Management
+ Multi-location Inventory
+ Warnings & Notifications





Human Resources

- Organization Management

Effortlessly design, implement, and adapt your organization's hierarchy, ensuring seamless communication, collaboration, and resource allocation across all departments.

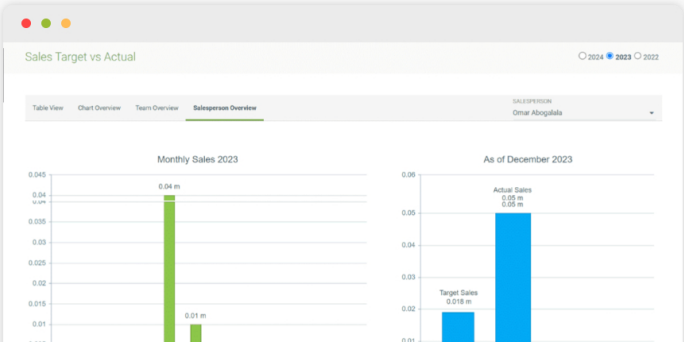
+ Payroll & Attendance
+ Performance & Development
+ Employee Services

CRM

- Team Management

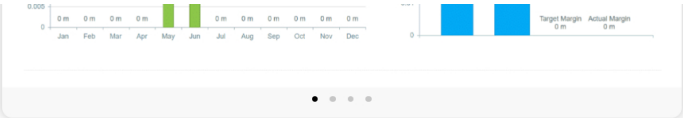
Enhance the coordination and efficiency of teams involved in customer-facing activities, such as sales, marketing, and customer support.

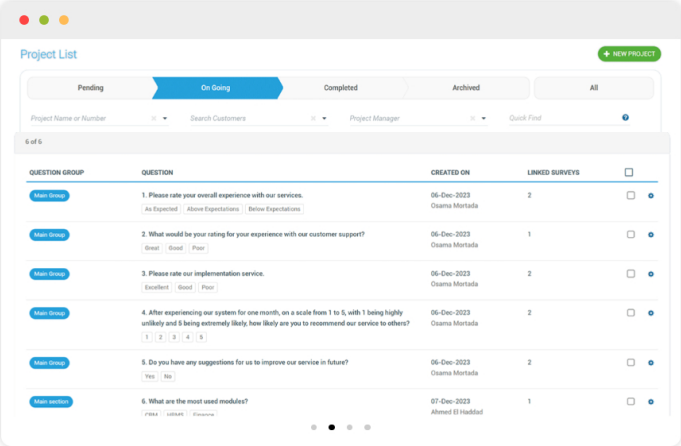
+ Sales
+ Marketing



+ Marketing

+ Customer Service





Projects

− Project Management

ERP Project Management empowers organizations to efficiently plan, execute, and monitor projects, contributing to improved collaboration, resource utilization, and successful project outcomes.

+ Timelines & Planning

+ Cost & Budgeting

+ Analytics

Asset Management

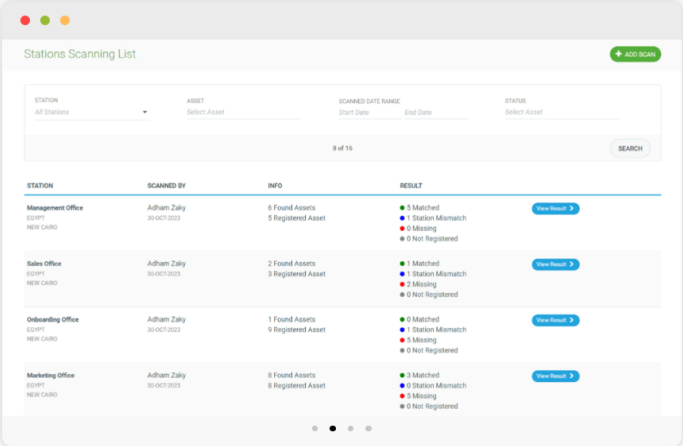
− Asset Registry

Achieve significant benefits in terms of asset visibility, control, utilization, compliance, and financial management, leading to improved operational efficiency and cost savings for your organization.

+ Maintenance Scheduling

+ Barcoding & Inventory

+ Monitoring & Reports



A Solution You Can Rely on

Elevate your efficiency with our multi-level approvals and automated processes, coupled with deep reporting insights, scalability, and unwavering security.

- Highly Customizable
- Multi-Level Approvals
- Permissions & Roles
- Cloud & On-Premises
- Cloud & On-Premises
- Interactive Dashboards & Reports
